

Batın Buğra ALTUN

Electrical and Electronic Engineering Student

İzmir, Türkiye

+90 553 165 40 13

batinbugraaltun@gmail.com www.linkedin.com/in/batinbugraaltun

Electrical and Electronics Engineering student at Dokuz Eylül University with hands-on experience in deep learning (PyTorch, LSTM/GRU), site inspection, and AutoCAD drafting. Proven track record in organizational leadership, having secured over £100,000 in corporate sponsorships and coordinated events for 500+ attendees. Passionate about combining machine learning techniques with electrical systems and engineering software solutions.

AREAS OF EXPERTISE

- Python & PyTorch
- AutoCAD
- MATLAB
- Proteus & LTSpice
- Sponsorship Acquisition
- Microsoft Office
- Project & Team Management
- Electrical Field Inspection
- Time Management

EDUCATION

Dokuz Eylül University

Bachelor of Science in Electrical and Electronics Engineering

2022 – Present

PROFESSIONAL EXPERIENCE

Microsoft

AI Innovator Summer Intern

Remote

July 2026 – August 2026

- Built an end-to-end stock price prediction model utilizing PyTorch, LSTM, and GRU architectures for Amazon financial time-series data.
- Preprocessed multi-year historical market trends and optimized loss convergence metrics, hosting the open-source pipeline on GitHub.

YSR Mühendislik

Electrical Engineer

Ankara, Türkiye

July 2025 – October 2025

- Supervised on-site electrical installation processes at the MSB Sincan project, resolving technical discrepancies during execution.
- Audited underground and overhead wiring schematics via AutoCAD to ensure compliance with national engineering standards.

TEDxDEU

Supervisory Board Member

İzmir, Türkiye

July 2025 – Present

- Audited organizational accounts, budget allocations, and event expenditures to guarantee regulatory and financial compliance.
- Previously served as Sponsorship Coordinator (July 2025 – July 2026), securing £100,000+ in funding and managing corporate partner relations for major conferences.

İŞKUR Gençlik Programı

Laboratory Assistant & Ideathon Coordinator

İzmir, Türkiye

November 2025 – June 2026

- Maintained testbenches, measurement instruments, and circuit experiment setups for university Electrical & Electronics Engineering laboratories.

- Directed a faculty-wide Ideathon under the Engineering Dean's Office, managing participant workflows, scheduling, and organizational logistics.

IEEE DEU

Power & Energy Society Chairman

İzmir, Türkiye

May 2024 – June 2025

- Organized 5+ technical workshops and managed cross-functional student teams.
- Served on the core sponsorship coordination committee for the DETECH24 technical summit.

ADDITIONAL SKILLS

- **Developer Tools:** VS Code, Git, GitHub, Flask, Render
- **Hardware & Lab:** Oscilloscopes, Multimeters, Breadboard Prototyping
- **Certifications:** Microsoft AI Innovator, Basic HSE (Dokuz Eylül University), Talent Network Yaz Kampı(Kariyer.net), Machine Learning(Atıl Samancıoğlu).
- **Languages:** Turkish (Native), English (B2)
